## Strong Price Trends Continue to Mark Activities at Most Southwest Markets

Continued strong trends prevailed at Southwest farm markets last week, according to a report received by The Herald from the Production and Marketing Administration, United States Department of Agriculture. Most hog markets established new all-time high prices in advance ranging mostly from \$1 to \$2.25 per hundred pounds. Week's top was \$27.75 at San Antonio, \$29 at Fort Worth, \$30 at Oklahoma City, \$30.25 at the Wichita market and \$31.75 at Denver. Sows and pigs shared the full advance to sell at mostly \$22 to \$28. Cattle closed the week mostly at a steady to 50 cents higher price than a week earlier, but weak spots appeared on calves and low grade stockers. Common to medium calves sold largely from \$13 to \$18.50 at Texas markets. Beef calves brought mostly \$22 down at Oklahoma City; Denver while Wichita paid \$17 to 20 for good and choice heavy calves. Stocker and feeder calves sold generally at \$16 to \$22.

Seasonally scarce frash eggs and poultry sold at firm to slightly higher prices last week. Cold storage eggs supplied most of the market for best grades. Fort Worth and Dallas offered around 55 cents per dozen for best candled white eggs, and 50 for mixed colors. Heavy hens there brought mostly 23 to 26 cents per pound.

Grain markets made further sharp gains last week, with even poorer prospects for feed grain crops and more pressing requests from Europe for relief supplies. Sorghums gained around 25 cents per hundred pounds at Fort Worth and Galveston, and sold Friday at \$3.82. Yellow corn rose 10 to 15 cents per bushel to sell at \$2.65 and white corn \$3. Wheat advanced six to seven cents to reach \$2.78.

Cotton dropped sharply following the crop report Monday, but climbed back to close Friday only a little lower for the week. Spot sales increased, and demand continued good for the strict low middling and above of seven-eighths and 31-32 staple.

## Cotton Ginnings Now Total 229

Cotton ginnings in Hamlin totaled 229 through Wednesday morning according to reports received by The Herald. The Farmer's Co-Op Gin has ginned 149 and the Producers Gin 80.

Cotton is coming in every day now and is opening rapidly in most sections. Showers of last week apparently made little difference, one way or the other. Laborers are beginning to come in and picking is expected to start in earnest now.

More bales were ginned the past week than had been turned out since the first bale was ginned.

## William Patterson Dies From Burns At Borger Monday

William (Junior) Patterson, 22, passed away in a Borger hospital on Monday from burns received in an explosion at the Goodrich Rubber plant August 30.

"Junior" was born February 7, 1925 in Jones County and was reared in and near Hamlin, making this his home until after his discharge from the Army when he moved to Borger. He served in the Army 20 months, 16 months overseas, most of this period spent in the Philippines, Okinawa and Iwo-Jima Islands.

Funeral services were conducted at the Hamlin Church of the Nazarene with the pastor, Rev. J. T. Crawford, Elder W. E. Nunn, pastor of the Calvary Baptist Church and Rev. Harry Brooks of the Methodist Church at Borger officiating. He was a member of the Fairview Baptist Church.

## Calvary Baptist Church Plans For Fall Revival

Calvary Missionary Baptist Church of Hamlin will begin their fall revival on Friday night, September 26. The meeting will run some 10 days or two weeks with Elder A. L. Meador, of the Missionary Baptist Church of Paducah, doing the preaching. Brother Meador has proven successful in pastoral and evangelistic work through his many years of preaching experience. Last year he was assistant secretary evangelist for the Baptist Missionary Association of Texas, during which he had some 70 professions of faith, and there were some over 150 additions to the churches. He held successful revivals and Bible Schools last year.

After leaving the state work, Meador has accepted the pastorate of the Missionary Baptist Church of Paducah. Since going there last November he has led the church to great heights of service and the Sunday School has grown wonderfully. They have had some 80 additions to the church.

The entire public has a cordial invitation to attend these services and enjoy Brother Meador's message which will be brought in power and in the old time way.

The song services will be conducted by local talent. Song services will begin at 7:30 p. m. and preaching will be at 8:00 o'clock p. m. Announcements will be given next week concerning the day services. So remember the date of the meeting and make plans to attend every service, and you will receive a blessing.

Mrs. "Mammy" Moss of Plainview community is a patient in a Stamford hospital this week.

## Service Terrible At Piggly-Wiggly It's No Wonder!

If you Piggly-Wiggly customers haven't been getting the kind of courteous, helpful treatment you're used to at Piggly-Wiggly Store, and have wondered about it—quit wondering!

There's a reason.

Three brand new fathers in one store will disrupt any place of business. Especially when all three of the events occur within the space of two weeks. That's the story! came the parents of a daughter last Friday morning; Mr. and Mrs. Woody Scott had a daughter arrive Tuesday of last week and Mr. and Mrs. Guy White became the parents of a son on August 23.

All the folks are reported to be doing fine—and Duncan promises normal conditions will prevail at the store from now on.

## Burleson Given Royal Welcome Home at Anson

Tuesday was "welcome home Burleson" day in Anson for Congressman and Mrs. Omar Burleson.

The little Jones County city took on a holiday atmosphere. Welcome Home banners were hanging across the streets and on the doors of the business houses, which closed at 4:00 o'clock p. m. to join the crowds on the public square to pay tribute and welcome home to a native son.

The famous Hardin-Simmons Cowboy Band, of which Congressman Burleson was a member in the early 1920's, opened the program with a 45-minute band concert. John C. Thompson, manager of the Chamber of Commerce acted as master of ceremonies, introducing Gilbert Smith, former Jones County judge, who on behalf of the citizenship of Anson, welcomed the Congressman and Mrs. Burleson, who had arrived only a few hours before the reception.

Smith paid tribute to Congressman Burleson as a public official, as a County Attorney, a County Judge and a Congressman. He called attention to Mr. Burleson's obligations and duty to the people of the 17th District but warned of the paramount importance of a national legislator in exerting his untiring efforts in behalf of world peace.

Flowers were presented to his wife and mother, Mrs. J. M. Burleson of Anson, who occupied a place of honor on the speaker's platform.

Congressman Burleson, introduced by Mr. Thompson, gave a brief report of his activities in Congress, expressing his gratitude to the people of his Congressional District for their help during the tenure of his in the 80th Congress.

Mr. and Mrs. Burleson had been delayed in returning home after the adjournment of Congress in order that he might make his tour of duty as a reserve officer in the Navy.

After a short and well earned rest Congressman Burleson plans to also spend his time visiting over his congressional district.

## Hamlin FFA Boys Make Good Show At Abilene Fair

Two Hamlin Future Farmers of America members, Kenneth Holloway and Clifton Townsend, entered their high class Jerseys Tuesday at the West Texas Fair in Abilene and carried home a large share of the prizes.

Holloway won first in his two classes with Queen and Cameo and second on Amiable Delicious. Clifton Townsend won third with Sparkling Xenia You'll Do. Three of the Hamlin heifers were in the same class winning first, second and third. Of the four head entered by Holloway and Townsend, they took two blue ribbons, one red and one white.

Holloway and his three heifers loaded out and headed for the State Jersey Show in Waco immediately following the West Texas Fair. He was to show in the Junior division at the show Thursday of this week. He placed one heifer in the Junior herd last year and made the national trip to Columbus, Ohio.

## Come On, Texas!

When action aboard the Battleship Texas reached battle heat, her crew members used to shout, "Come on, Texas!"... which meant: "Let's get in there and fight!" After 35 years of service, through two world wars, she won't fight any more. The Navy has put her on the retired list, and, unless the State of Texas takes action, she goes to the scrap heap. But she won't go to the junk pile, if thousands of Texans can help it. They are already contributing to a \$225,000 goal needed to bring the old battlewagon to the San Jacinto Battlegrounds, below Houston.

She is seen above, steaming out to open sea, as she was in her glory as a capital ship of the U. S. fleet. To bring her home to Texas, Lloyd Gregory, chairman of the Battleship Texas Commission, urges every Texan to aid the fund-raising campaign which began September 15.

All contributions are to be sent to Mr. Allan H. King, Battleship Texas Fund, First National Bank, Houston 1, Texas.

## Three Sisters Together First Time in 45 Years

This week was a very important time for Mrs. G. B. Howington of Hamlin and her two sisters, Mrs. Lawrence Kutz of Pelly and Mrs. F. F. Sneider of League City, since it was the first time the three sisters had been together in 45 years.

On Sunday, the children of Mr. and Mrs. Howington gathered at the family home to enjoy the reunion also.

At 1:00 o'clock p. m., lunch was served buffet style to Mr. and Mrs. Lawrence Kutz, Mr. and Mrs. F. F. Sneider and F. F. Jr., Mr. and Mrs. Glen, Billie Merle and Don dair, Glen, Billie Merle and Don Eddy, Mr. and Mrs. Frank Tucker, Billie Pat, and Frank Albert, Bebe Doris Shelton, Jack Wicker, Mr. and Mrs. Ernest Howington and Ronnie Nelson of San Angelo and Mr. and Mrs. J. L. Woodson of Stamford.

On Friday night Mrs. W. D. Adair and Mrs. Frank Tucker entertained with a picnic at the City Park in honor of Mr. and Mrs. Kutz and Mrs. Sneider.

The same group attended the picnic which were present on Sunday for the dinner.

## W. E. Nunn Named Moderator Baptist Group for Year

Elder W. E. Nunn, pastor of the Calvary Baptist Church of Hamlin, was elected moderator for the North Colorado Missionary Baptist Association at the annual meeting held last week with the Northside Baptist Church of Snyder. The Hamlin minister will serve in that capacity during the coming year in a district composed of several Central West Texas counties. Mr. Nunn preached at the Friday night session of the association. He was also honored by being selected to deliver the annual associational sermon at the meeting next year which will be held at the Friendship Church, north of Goree, Knox County.

Elder G. A. Nichols of Hamlin, the former pastor of Hamlin and part-time pastor of the Judd Church in former local pastor and now half-Haskell County, brought the associational sermon this year.

The committee appointed last month on trash pickup in the business section, Frank Waggoner, Pat Marlowe and Haskell Carter, reported good cooperation from everyone and that conditions were improved as a result of the daily pickup.

Hamlin business men and their employees were again reminded to park their cars on side streets and in the alleys on Wednesdays and on Saturdays in order to give crowds visiting here on those days a place to park.

## Hamlin C. of C. Votes to Maintain Camp This Fall

Maintenance of the Hamlin Migratory Labor Center will again be undertaken by the Hamlin Chamber of Commerce for the fall months, the board of directors voted at the monthly meeting Tuesday morning. W. L. Beavers will again be the caretaker.

The property on which the camp is located belongs to the local Chamber of Commerce and they voted to operate it this season and after December 31 to sell it. At that time the Texas A. & M. Extension Service program under which the camp operates will cease and the program will revert to Federal control. It is not known what this will mean to the local labor picture.

The committee appointed last month on trash pickup in the business section, Frank Waggoner, Pat Marlowe and Haskell Carter, reported good cooperation from everyone and that conditions were improved as a result of the daily pickup.

Hamlin business men and their employees were again reminded to park their cars on side streets and in the alleys on Wednesdays and on Saturdays in order to give crowds visiting here on those days a place to park.

## Oil Companies File Answer In Royston Oil Suit

Replies to the alleged charges of Fisher County in the \$200,000 damage suit, centering around property in the old Royston oil field, five miles southwest of Hamlin were filed in recent days by three of the four major oil firms named as defendants in the case. Morris G. Watson, Roby-Rotan attorney and a special counsel and prosecutor for the county, states that he expects the suit to be ready for trial in the October term of 104th District Court to open in Roby on October 20.

Defendants filing so far include The Texas Company, Phillips Petroleum Corporation, and the Standard Oil and Gas. The other major defendant still to file is Merry Brothers and Perini.

A number of other smaller mineral holders in the land involved are listed as nominal defendants. Included in the group are the following from Hamlin area: Mattie Colburn, Lou Dan Hartin, Ted Russell, executor of the estate of Dan W. Stephens, deceased, Laura Bell Stephens and Tarlton Willingham.

Counsel for The Texas Company are H. S. Garrett and W. N. Sands, Fort Worth; for Phillips Petroleum Corporation, E. H. Foster, and Warren M. Sparks, Amarillo. The counsel for both companies have filed pleas in abatement, pleading also that the lease should not be cancelled.

Counsel for the Stanolind Oil and Gas Company is Tom B. Rowell Jr. of Tulsa. The reply filed by that company is a denial of the alleged charges of the plaintiff, outlined in the suit.

Fisher County filed suit August 14, against the four firms seeking the cancellation of a lease held on 3,040 acres of land in the Royston oil field area, in east Fisher County, and damages in the total amount of to \$200,000. If the lease is not cancelled, the plaintiff, as an alternative, is suing for \$500,000, and a program which will insure proper development of the properties involved in the future.

Involved is a block of land the Royston area formerly owned by the late Dan W. Stephens, who deeded one fourth of the mineral rights to Fisher County in the 1930's the county alleges.

## Rotary vs. Lions Play for Benefit Hamlin Hospital

"The Battle of the Century" is what they're calling it in polite circles. Some not so polite speak of it as the "Young vs. the Old."

They're all speaking, of course, about the final softball game of the season Friday night at City Park at which time the Lions Club will play the Rotary Club. Gate receipts will be split between the two clubs and the funds will be used in some manner for the benefit of the Hamlin Memorial Hospital. Tickets are now on sale and everyone is urged to buy tickets regardless of whether they plan to attend the game or not.

Innocent bystanders have been getting a kick out of the insulting signs painted on the windows of many local business houses this week and everyone is expecting a "bang-up" game to be unrelenting tonight (Friday). Lights at the softball field will be removed after this game.

Softball fans will want to see the stars of the two clubs pictured in this issue in action on the diamond. See the actual action pictures of such athletes as Bowen Pope, Ted Russell, Tate May and Claude Lancaster in the big ad in this issue. This is just a sample of what fans may expect as other stars such as Stanley Carmichael, Holly Toler, Ivy Witt and W. A. Albritton are expected to perform. Both teams are studded with star players (well, at least they probably were two or three decades ago.)

The games starts at 8:30 o'clock p. m. and it will be over when the last man gasps for breath and gives up. It's sure to be entertaining to those who like the best in softball, so come out and enjoy the evening and at the same time make a contribution to the new hospital.

## Harry Carmichael Buys Laundry From Clyde Huff

Announcement was made last week that Harry Carmichael of Dallas had closed a deal for the purchase of the Ideal Steam Laundry from Mr. and Mrs. Clyde Huff, who opened the business in Hamlin this fall. Mr. and Mrs. Carmichael arrived here Monday and are now in charge. The Huffs will remain with them for several weeks until they "learn the ropes."

Carmichael is the son of Mr. and Mrs. Aoy Carmichael and was reared here, attending school and at one time operated the Bluebonnet Cafe. For several years he has been connected with the Western Auto Stores and has resided in Dallas.

Mr. Huff will be connected with the E. C. Peagan Conoco Transport place where he will feel right at home as he was employed there for 12 years before entering the service in World War II. Mrs. Huff expects to "just rest" for awhile.

## Pied Pipers Open With Merkel Here Next Friday Night

Due to a last-minute change in schedule, the Rotan-Hamlin game which was scheduled to have been played tonight (Friday) at Rotan, was played Thursday night. The Herald went to press before the game time.

The game was the first of several non-conference warm-up games to be played by the local team.

Next Friday night the first home game will be played on Piper Field when the Merkel Badgers come here to tangle with the Pipers.

This year's edition of the Pipers will be rather light and short on experience but Coaches Howard and King are expecting the boys to give a good account of themselves.

Comment—It looks like Senator 'Pappy' O'Daniel is going to have quite a bit of competition next year. Governor Jester may take after him, General Wainwright, Coke Stephenson also are possible candidates for the senate. When 'Pappy' hitched up with the Texas Regulars, we got a notion that he tore his pants with a majority of Texans. He is making arrangements for the future trying to install his son as Postmaster of Fort Worth at \$8,500 per year. From a financial standpoint we guess 'Pappy' has done right well. Came down to Texas from Kansas and selling flour and finally got on the air and with his bedtime stories he got the sympathy of the old, sick and afflicted and too he must have got a lot of sympathy from a lot of other folks because he rode high in the saddle for several years. But all the popularity of 'Pappy' head because he threw the old folks overboard after promising them the sun, moon and stars with reference to pensions. But just you wait and see Senator Pappy and his band will be fiddling "Hell among the Yearlings" before the grass is green next spring and we bet a lot of good honest folks will once again fall for his line—but not enough votes will be let to offset his straying off with the Republicans and Texas Regulars, we hope.

## Omar Burleson Plans Visit to Entire District

Congressman Omar Burleson, who was royally welcomed home to Anson and Jones County Tuesday of this week, hopes to visit every part of his Congressional district while at home. Burleson went on active duty in the Navy Reserves soon after the close of the first session of the 80th Congress. Due to the imminent possibility of a special session of the Congress, it is necessary that he visit the entire district in five weeks. He had planned to spend much more time in each community and to take at least three months.

In order to make every visit possible he has arranged a schedule which will take him into every county and most towns of the district. He will be at his office in Anson on September 20, 26 and 27 and October 4.

He plans to visit in Hamlin all day on next Tuesday September 23. Other dates of interest to this immediate area call for him to be in Abilene on September 19 and October 3; Roby, Rotan and other Fisher County communities on September 22; Stamford, September 24; Leuders and Avoca, September 25; Sweetwater on September 30 and on October 1.

### For Sake of Clarity.

The salesman stopped his car at a farm house and asked the way to the nearest hotel. The farmer pointed down the road.

"You turn left at the school house," he advised. "Then you go straight ahead till you get to Gad Shor's house. Then you take the left fork in the road and keep on for five miles."

The salesman nodded. "That's clear enough," he said. "And where does that bring me?"

The farmer smiled. "Wal," he announced "that brings you right back to where we're standing now. Right here."

The salesman's eyes popped. "Right here!" he echoed. "But I don't understand. Why should I come back here?"

The farmer shifted his plug of tobacco.

"To get the rest of the directions," he explained. "If I told you them all at once you might get confused!"

### Real Bookkeeper.

A business man was examining applicants for the job of bookkeeper. "Of course, you understand double entry?" the said asked.

"Sure," said the applicant. "The last job I had I kept the books triple entry—one set for the boss, showing the real profits; a second one for the shareholders, showing no profits; and a third set for the income tax people, showing a loss."

There are flavors and varieties to please the most discriminating tastes in the grand array of fine cheeses at your Safeway store. ### 5 ways to add color & flavor with cheese

by Carol Drake

**EASY TANGY CHEESE SAUCE** is like sunshine to vegetables. Cut ½ pound processed cheese into small pieces; add 1 cup milk. Heat in double boiler until soft. Beat with rotary beater until smooth (about 2 minutes). For variety mix with chopped chives or minced parsley to go over fresh lima beans. Try chopped stuffed olives in this sauce over toast triangles.

**CHEESE'N SARDINE OPEN-FACE SANDWICHES** make the boys look alert. Heap shredded cheese on rye toast; top with sardines. Then it goes into the oven. Remember the pickles.

**CHEESY POTATO CHIPS** do a quick disappearing act. Spread potato chips on cookie sheet. Sprinkle with shredded cheese and just a hint of garlic or onion salt. Give chips a quick trip under broiler before serving with beverages or salad.

**CHIPPED BEEF WITH CHEESE** is a dandy, surprise way to fix this dish. Put a thin slice of cheese on toast; pour on hot creamed beef.

**FROSTED MASHED POTATOES** feel like Cinderella with their cheese meringue. Heap mashed potatoes in a greased baking dish. Fold ½ cup grated cheese into 2 stiffly beaten egg whites. Put yolks in the hot potatoes, mashed the usual way. Spread meringue over potatoes and brown about 15 minutes in a moderate oven.

## Wings Over HAMLIN

A considerable number of Hamlin area men are now licensed private pilots, airport manager, J. R. Elliott revealed this week. Chief Pilot "Chuck" McCurdy flew over from Sweetwater Friday and gave four men their final flight tests for private pilot license. Men waiting for their "ticket" Friday were: Edward Dodd, V. T. Stringer, Truman Bolles and Starrel Griffith. Monday it was Felix Streed went to Sweetwater or his test under the eyes of McCurdy.

private licenses were granted to: D. F. Saunders, James Cobb, B. J. Dodson and Calvin Flippo. The local field is new home base for a considerable number of licensed private pilots who keep building up their hours to improve their efficiency. Visitors are always welcome at the field and now that cooler weather is here, the genial Elliott hopes that even more folks will come out and watch the ships in action.

Five advanced pilots started night flying Monday night at the Sweetwater field. Most of them got nearly an hour. They were: Gene Robinson, B. A. Shaffer, Dub Tidwell, Felix Streed and Travis Smith.

Another local flier has given a warning to all fliers planning to try for commercial license to study hard and take advantage of night school. He has just finished his written examination for commercial and says it's a "booger". Elliott joins him in this admonition with the announcement that ground school is held on every Tuesday night at 7:30 o'clock p. m. and navigation is being also covered thoroughly.

Of interest to local people will be the news that practically every state in the union is now represented on the pilot register at Hamlin Municipal Airport. Ships come in often to refuel, rest up and visit a while, says Elliott. Some spend the night. This is of considered of value to a

town in several ways. Visiting pilots spend some money here. But another benefit is the good word they can help spread about the town itself. Airmen swap gossip with one another freely in their "hanger fly-in" sessions and no doubt Hamlin airport has been discussed in many parts of the country. Two weeks ago, a pilot from California enroute to the National Air Races, landed here. Of all things, he was a stunt pilot, flying one of the ancient 1918 model Jennys, which Elliott said was in splendid condition. A lot of people will remember them as the first plane they ever saw.

Keep 'em flying—and fly 'em safe!

## Former Crew Member Battleship Texas To Aid In Drive

Lloyd Gregory, chairman of the Battleship Texas Commission, this week informed The Herald of the call being made for the former crew members of the USS Texas from the Hamlin area to assist in the drive started September 15 to raise \$225,000 to bring the gallant old battlewagon home to the Lone Star State.

He asks the crew members to get in touch with The Herald, explaining that they are former crew members of the Battleship Texas; and also to send their names, addresses and facts about their duty aboard "Old Tee" (as she was familiarly called by her crew) to: Battleship Texas Information Bureau, 1428 Commerce Building, Houston 2, Texas. These names will go into a master list for historical record about the retired battleship.

When things got tough aboard the Texas, or when crew members ran into trouble, someone always shouted "Come on Texas!" And it got results. Once more "Old Tee" must call upon its crew and again she does it with—"Come on, Texas!"

"IN DOWN TOWN HAMLIN"

## 'Tween Me and my Typewriter

by Jeanette Bryant

Old timers were right when they predicted that rain would come during the first week of the school term. But we don't understand why they didn't go a step farther and foretell a real downpour instead of the shower which came Tuesday. It is being rumored that many small children became almost terrified when the first few drops of rain be-

gan to fall, not knowing what it was or its origin. We can't verify such stories, but we did see several groups out staring at the drops of water as though they were doubtful if it were real rain. Just another West Texas custom with which we are becoming familiar. Now, in East Texas the folks get out and gaze in amazement at the sky if it is clear—and not raining, or in the process of preparation for precipitation. (My friends in that section are going to hate me for this.) Did you notice those two long words in that next to last paragraph? That was an accident, but it sounded so "catchy" we just left it that way. Hope you don't think we are trying to get high-brow.

That little man you have been seeing bobbing in and out around busi-

ness houses and homes, shaking the hands like a politician, and talking his head half off about a trip he made recently is none other than Rev. John H. Osteen. You remember him, don't you? Pastor of the First Baptist Church in Hamlin. You should get him to tell you about those chocolate covered cherries he ate while on a train somewhere in the European countries. Some one pulled a fast one on the parson and they were flavored with real—yes, you guessed it, liquor. Betcha' his face will turn a fiery red when you question him about the incident.

His wife, Jean, made quite a name for herself with those very interesting and well-written articles about the tour. Her husband kept hearing so many nice things and remarks of the account of the trip that she had written, that he even read them, and believe it or not, he complimented her work too.

Don't know why preachers keep providing material for this column, but just gotta' mention another one. Rev. J. T. Crawford, who is just about the proudest man in Hamlin. He says he didn't get to make a trip to Europe but he is now these days boasting about that new daughter and automobile. He argues that he will have more fun with them than his friend, John, will derive from telling about his hop to Denmark. We aren't taking sides in this matter. No sir—we're not that dumb.

Mr. and Mrs. Ted Russell must have a host of friends here if you can judge by the large crowd attending the open house in their new home on Jackson Street last Friday night. In our opinion, that was a very fine gesture, giving everyone the opportunity to take a look at that beautiful structure with its appropriate and attractive furnishings. They must truly believe in sharing their pleasure with their friends. After all, of what value is a lovely home if it cannot be shared with others.

Mr. and Mrs. W. L. Boyd Sr. are another example of the type of people appreciate. The yalows have the latch string out at their home on Union Street and welcome visitors to view their home, which is so pretty and livable. They thoroughly enjoy company and would be happy for you to drop in if you have not been through their house.

Not that it is any of our business, but we feel it our duty to speak a word of protest against the new fashions being proposed for our men folk. The women seem to be determined to lower their skirts in spite of our opposition, but maybe we can be more influential with the males. Frankly, men, just because those of the opposite sex don't seem to have any better judgement (shall we put it that way?) than to make themselves look and feel ridiculous, why should you do likewise? Personally, we will be disappointed in you if you appear in public in those short, tight-legged britches like grand-father used to wear. Those ankles of yours are not very eye-appealing, if you ask us. But who asked us, anyway? We had better get off this subject.

P. S.—You men might force the women to dress more sensibly if you keep threatening to spring forth in "knickers" and such like as is being proposed by the male fashion designers.

Read an article where a marriage was "pied" as the reporter termed it because the husband struck and also cursed his wife because she made

mistakes and was slow in attempting to set type in their home print shop. Now, that's one case where we don't blame the female for suing for divorce. Such work is most difficult and nervewrecking without having to tolerate being hit and cursed. Anytime that man of ours take such a notion, off to a lawyer we will head. We're just giving him fair warning. (By the way, the word "pi" means to be mixed up in print shop lingo.)

Many pawned their watches or floated a loan to take their children to see the big circus in Sweetwater and Abilene last week. At our house, the daughter had to stay home, since the bank refused to cooperate. They couldn't seem to understand how important such a trip was to us. We have learned our lesson and henceforth will set aside a savings account each month for just that purpose.

Were you in Sunday School and church service somewhere last Sunday? If not, why not?

Cross will act as in assistant to Bainer and in that capacity will also handle agricultural matters for the railroad's Western Lines in Western New Mexico, and the Panhandle & Kansas, Oklahoma, Colorado and Santa Fe lines in Texas.

## No Reduction in Food Prices Soon Indicated

Jones County's 25,000 citizens need not expect reduced food prices in the near future, Rufus Starnes, president of the Texas Retail Grocers Association, states in a release.

Starnes informs Hamlin and Jones County people there is no basis on which to found expectations for reductions. Only hope for reducing retail prices, he declares, would be the reducing grocers' overhead. He says costs of food production and wages in the transportation fields are still too high.

## Strong Price Trends Continue to Mark Activities at Most Southwest Markets

Continued strong trends prevailed at Southwest farm markets last week, according to a report received by The Herald from the Production and Marketing Administration, United States Department of Agriculture.

Most hog markets established new all-time high prices in advance ranging mostly from \$1 to \$2.25 per hundred pounds. Week's top was \$27.75 at San Antonio, \$29 at Fort Worth, \$30 at Oklahoma City, \$30.25 at the Wichita market and \$31.75 at Denver. Sows and pigs shared the full advance to sell at mostly \$22 to \$28.

Cattle closed the week mostly at a steady to 50 cents higher price than a week earlier, but weak spots appeared on calves and low grade stockers. Common to medium calves sold largely from \$13 to \$18.50 at Texas markets. Beef calves brought mostly \$22 down at Oklahoma City; Denver while Wichita paid \$17 to 20 for good and choice heavy calves. Stocker and feeder calves sold generally at \$16 to \$22.

Seasonally scarce fresh eggs and poultry sold at firm to slightly higher prices last week. Cold storage eggs supplied most of the market for best grades. Fort Worth and Dallas offered around 55 cents per dozen for best candied white eggs, and 50 for mixed colors. Heavy hens there brought mostly 23 to 26 cents per pound.

Grain markets made further sharp gains last week, with even poorer in prospects for feed grain crops and more pressing requests from Europe for relief supplies. Sorghums gained around 25 cents per hundred pounds at Fort Worth and Galveston, and sold Friday at \$3.82. Yellow corn rose 10 to 15 cents per bushel to sell at \$2.65 and white corn \$3. Wheat advanced six to seven cents to reach \$2.78.

Cotton dropped sharply following the crop report Monday, but climbed back to close Friday only a little lower for the week. Spot sales increased, and demand continued good for the strict low middling and above of seven-eighths and 31-32 staple.

## Calvary Baptist Church Plans For Fall Revival

Calvary Missionary Baptist Church of Hamlin will begin their fall revival on Friday night, September 26. The meeting will run some 10 days or two weeks with Elder A. L. Meador, of the Missionary Baptist Church of Paducah, doing the preaching. Brother Meador has proven successful in pastoral and evangelistic work through his many years of preaching experience. Last year he was assistant secretary evangelist for the Baptist Missionary Association of Texas, during which he had some 70 professions of faith, and there were some over 150 additions to the churches. He held successful revivals and Bible Schools last year.

After leaving the state work, Meador has accepted the pastorate of the Missionary Baptist Church of Paducah. Since going there last November he has led the church to great heights of service and the Sunday School has grown wonderfully. They have had some 80 additions to the church.

The entire public has a cordial invitation to attend these services and enjoy Brother Meador's message which will be brought in power and in the old time way.

The song services will be conducted by local talent. Song services will begin at 7:30 p. m. and preaching will be at 8:00 o'clock p. m. Announcements will be given next week concerning the day services. So remember the date of the meeting and make plans to attend every service, and you will receive a blessing.

## Service Terrible At Piggly-Wiggly It's No Wonder!

If you Piggly-Wiggly customers haven't been getting the kind of courteous, helpful treatment you're used to at Piggly-Wiggly Store, and have wondered about it—quit wondering!

There's a reason.

Three brand new fathers in one store will disrupt any place of business. Especially when all three of the events occur within the space of two weeks. That's the story!

Came the parents of a daughter last Friday morning; Mr. and Mrs. Woody Scott had a daughter arrive Tuesday of last week and Mr. and Mrs. Guy White became the parents of a son on August 23.

All the folks are reported to be doing fine—and Duncan promises normal conditions will prevail at the store from now on.

## Burleson Given Royal Welcome Home at Anson

Tuesday was "welcome home Burleson" day in Anson for Congressman and Mrs. Omar Burleson.

The little Jones County city took on a holiday atmosphere. Welcome Home banners were hanging across the streets and on the doors of the business houses, which closed at 4:00 o'clock p. m. to join the crowds on the public square to pay tribute and welcome home to a native son.

The famous Hardin-Simmons Cowboy Band, of which Congressman Burleson was a member in the early 1920's, opened the program with a 45-minute band concert. John C. Thompson, manager of the Chamber of Commerce acted as master of ceremonies, introducing Gilbert Smith, former Jones County judge, who on behalf of the citizenship of Anson, welcomed the Congressman and Mrs. Burleson, who had arrived only a few hours before the reception.

Smith paid tribute to Congressman Burleson as a public official, as a County Attorney, a County Judge and a Congressman. He called attention to Mr. Burleson's obligations and duty to the people of the 17th District but warned of the paramount importance of a national legislator in exerting his untiring efforts in behalf of world peace.

Flowers were presented to his wife and mother, Mrs. J. M. Burleson of Anson, who occupied a place of honor on the speaker's platform.

Congressman Burleson, introduced by Mr. Thompson, gave a brief report of his activities in Congress, expressing his gratitude to the people of his Congressional District for their help during the tenure of his in the 80th Congress.

Mr. and Mrs. Burleson had been delayed in returning home after the adjournment of Congress in order that he might make his tour of duty as a reserve officer in the Navy.

After a short and well earned rest Congressman Burleson plans to also spend his time visiting over his congressional district.

## Come On, Texas!

When action aboard the Battleship Texas reached battle heat, her crew members used to shout, "Come on, Texas!"... which meant: "Let's get in there and fight!" After 35 years of service, through two world wars, she won't fight any more. The Navy has put her on the retired list, and, unless the State of Texas takes action, she goes to the scrap heap. But she won't go to the junk pile, if thousands of Texans can help it. They are already contributing to a \$225,000 goal needed to bring the old battlewagon to the San Jacinto Battlegrounds, below Houston.

She is seen above, steaming out to open sea, as she was in her glory as a capital ship of the U. S. fleet. To bring her home to Texas, Lloyd Gregory, chairman of the Battleship Texas Commission, urges every Texan to aid the fund-raising campaign which began September 15. All contributions are to be sent to Mr. Allan H. King, Battleship Texas Fund, First National Bank, Houston 1, Texas.

Extension Service program under which the camp operates will cease and the program will revert to Federal control. It is not known what this will mean to the local labor picture.

## Oil Companies File Answer In Royston Oil Suit

Replies to the alleged charges of Fisher County in the \$200,000 damage suit, centering around property in the old Royston oil field, five miles southwest of Hamlin were filed in recent days by three of the four major oil firms named as defendants in the case. Morris G. Watson, Roby-Rotan attorney and a special counsel and prosecutor for the county, states that he expects the suit to be ready for trial in the October term of 104th District Court to open in Roby on October 20.

Defendants filing so far include The Texas Company, Phillips Petroleum Corporation, and the Stanolind Oil and Gas. The other major defendant still to file is Merry Brothers and Perini.

A number of other smaller mineral holders in the land involved are listed as nominal defendants. Included in the group are the following from Hamlin area: Mattie Colburn, Lou Dan Hartin, Ted Russell, executor of the estate of Dan W. Stephens, deceased, Laura Bell Stephens and Tarlton Willingham.

Counsel for The Texas Company are H. S. Garrett and W. N. Sands, Fort Worth; for Phillips Petroleum Corporation, E. H. Foster, and Warren M. Sparks, Amarillo. The companies for both companies have filed pleas in abatement, pleading also that the lease should not be cancelled.

Counsel for the Stanolind Oil and Gas Company is Tom B. Rowell Jr. of Tulsa. The reply filed by that company is a denial of the alleged charges of the plaintiff, outlined in the suit.

Fisher County filed suit August 14, against the four firms seeking the cancellation of a lease held on 3,040 acres of land in the Royston oil field area, in east Fisher County, and damages in the total amount of to \$200,000. If the lease is not cancelled, the plaintiff, as an alternative, is suing for \$500,000, and a program which will insure proper development of the properties involved in the future.

Involved is a block of land the Royston area formerly owned by the late Dan W. Stephens, who deeded one fourth of the mineral rights to Fisher County in the 1930's the county alleges.

## Rotary vs. Lions Play for Benefit Hamlin Hospital

"The Battle of the Century" is what they're calling it in polite circles. Some not so polite speak of it as the "Young vs. the Old."

They're all speaking, of course, about the final softball game of the season Friday night at City Park at which time the Lions Club will play the Rotary Club. Gate receipts will be split between the two clubs and the funds will be used in some manner for the benefit of the Hamlin Memorial Hospital. Tickets are now on sale and everyone is urged to buy tickets regardless of whether they plan to attend the game or not.

Innocent bystanders have been getting a kick out of the insulting signs painted on the windows of many local business houses this week and everyone is expecting a "bang-up" game to be unredeemed tonight (Friday). Lights at the softball field will be removed after this game.

Softball fans will want to see the stars of the two clubs pictured in this issue in action on the diamond. See the actual action pictures of such athletes as Bowen Pope, Ted Russell, Tate May and Claude Lancaster in the big ad in this issue. This is just a sample of what fans may expect as other stars such as Stanley Carmichael, Holly Toler, Ivy Witt and W. A. Albritton are expected to perform. Both teams are studded with star players (well, at least they probably were two or three decades ago.)

The games start at 8:30 o'clock p. m. and it will be over when the last man gasps for breath and gives up. It's sure to be entertaining to those who like the best in softball, so come out and enjoy the evening and at the same time make a contribution to the new hospital.

## Harry Carmichael Buys Laundry From Clyde Huff

Announcement was made last week that Harry Carmichael of Dallas had closed a deal for the purchase of the Ideal Steam Laundry from Mr. and Mrs. Clyde Huff, who opened the business in Hamlin this fall. Carmichael is the son of Mr. and Mrs. Aoy Carmichael and was reared here, attending school and at one time operated the Bluebonnet Cafe. For several years he has been connected with the Western Auto Stores and has resided in Dallas.

Mr. Huff will be connected with the E. C. Feagan Conoco Transport a place where he will feel right at home as he was employed there for 12 years before entering the service in World War II. Mrs. Huff expects to "just rest" for awhile.

## Pied Pipers Open With Merkel Here Next Friday Night

Due to a last-minute change in schedule, the Rotan-Hamlin game which was scheduled to have been played tonight (Friday) at Rotan, was played Thursday night. The Herald went to press before the game time.

The game was the first of several non-conference warm-up games to be played by the local team.

Next Friday night the first home game will be played on Piper Field when the Merkel Badgers come here to tangle with the Pipers.

This year's edition of the Pipers will be rather light and short on experience but Coaches Howard and King are expecting the boys to give a good account of themselves.

Comment—It looks like Senator 'Pappy' O'Daniel is going to have quite a bit of competition next year. Governor Jester may take after him. General Wainwright, Coke Stephenson also are possible candidates for the senate. When 'Pappy' hitched up with the Texas Regulars, we gotta notion that he tore his pants with a majority of Texans. He is making arrangements for the future trying to install his son as Postmaster of Fort Worth at \$8,500 per year. From a financial standpoint we guess 'Pappy' has done right well. Came down to Texas from Kansas and selling flour and finally got on the air and with his bedtime stories he got the sympathy of the old, sick and afflicted and too he must have got a lot of sympathy from a lot of other folks because he rode high in the saddle for several years. But all the popularity of 'Pappy' head because he threw the old folks overboard after promising them the sun, moon and stars with reference to pensions. But just you wait and see Senator Pappy and his band will be fiddling "Hell among the Yearlings" before the grass is green next spring and we bet a lot of good honest folks will once again fall for his line—but not enough votes will be get to offset his straying off with the Republicans and Texas Regulars, we, hope. —A-Darden-O-Grain.

Opening date of the Fair is Thursday, September 25 and will begin with a lengthy parade of decorated floats, school bands, pep squads, cowboys and cowgirls, pioneers, clowns and many other sections. Handsome premiums will be given winners in each division.

On opening day all school children of this area will be admitted free to the fairgrounds during the afternoon to give the young people an opportunity to view the extensive exhibits of agricultural products, textile arts, livestock show, Home Demonstration and 4-H Club displays.

## Omar Burleson Plans Visit to Entire District

Congressman Omar Burleson, who was royally welcomed home to Anson and Jones County Tuesday of this week, hopes to visit every part of his Congressional district while at home. Burleson went on active duty in the Navy Reserves soon after the close of the first session of the 80th Congress. Due to the imminent possibility of a special session of the Congress, it is necessary that he visit the entire district in five weeks. He had planned to spend much more time in each community and to take at least three months.

In order to make every visit possible he has arranged a schedule which will take him into every county and most towns of the district. He will be at his office in Anson on September 20, 26 and 27 and October 4.

He plans to visit in Hamlin all day on next Tuesday September 23. Other dates of interest to this immediate area call for him to be in Abilene on September 19 and October 3; Roby, Rotan and other Fisher County communities on September 22; Stamford, September 24; Leuders and Avoca, September 25; Sweetwater on September 30 and on October 1.

### For Sake of Clarity.

The salesman stopped his car at a farm house and asked the way to the nearest hotel. The farmer pointed down the road.

"You turn left at the school house," he advised. "Then you go straight ahead till you get to Gad Shor's house. Then you take the left fork in the road and keep on for five miles."

The salesman nodded. "That's clear enough," he said. "And where does that bring me?"

The farmer smiled. "Wal," he announced "that brings you right back to where we're standing now. Right here."

The salesman's eyes popped. "Right here!" he echoed. "But I don't understand. Why should I come back here?"

The farmer shifted his plug of tobacco.

"To get the rest of the directions," he explained. "If I told you them all at once you might get confused!"

### Real Bookkeeper.

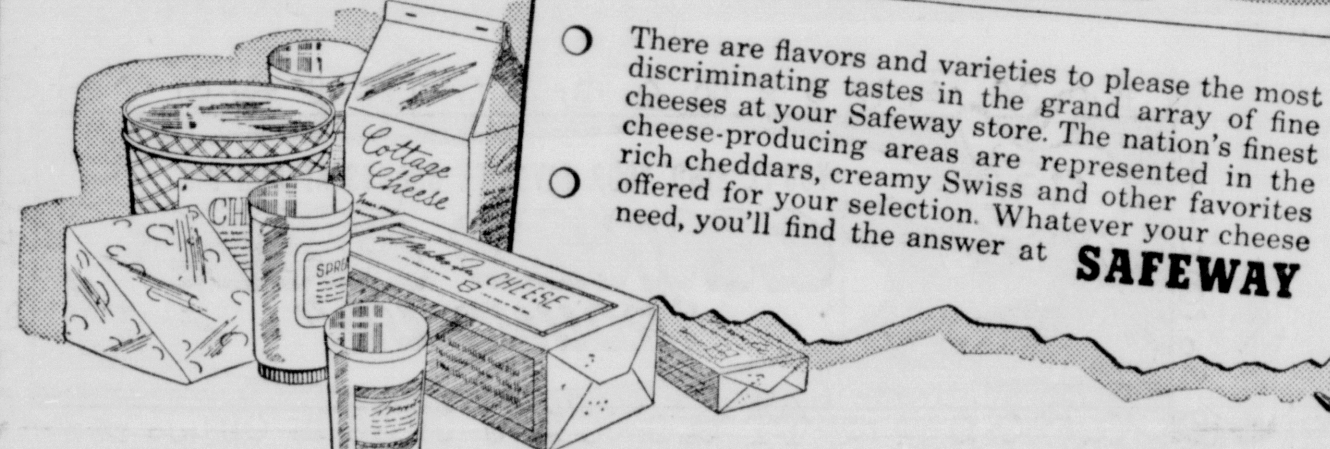

A business man was examining applicants for the job of bookkeeper. "Of course, you understand double entry?" the said asked.

"Sure," said the applicant. "The last job I had I kept the books triple entry—one set for the boss, showing the real profits; a second one for the shareholders, showing no profits; and a third set for the income tax people, showing a loss."

## 5 ways to add color & flavor with cheese

by Carol Drake

**EASY TANGY CHEESE SAUCE** is like sunshine to vegetables. Cut 1/2 pound processed cheese into small pieces; add 1 cup milk. Heat in double boiler until soft. Beat with rotary beater until smooth (about 2 minutes). For variety mix with chopped chives or minced parsley to go over fresh lima beans. Try chopped stuffed olives in this sauce over toast triangles.

**CHEESE'N SARDINE OPEN-FACE SANDWICHES** make the boys look alert. Heap shredded cheese on rye toast; top with sardines. Then it goes into the oven. Remember the pickles.

**CHEESY POTATO CHIPS** do a quick disappearing act. Spread potato chips on cookie sheet. Sprinkle with shredded cheese and just a hint of garlic or onion salt. Give chips a quick trip under broiler before serving with beverages or salad.

**CHIPPED BEEF WITH CHEESE** is a dandy, surprise way to fix this dish. Put a thin slice of cheese on toast; pour on hot creamed beef.

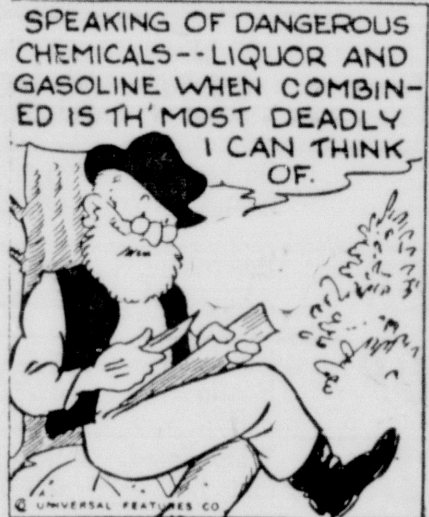

**FROSTED MASHED POTATOES** feel like Cinderella with their cheese meringue. Heap mashed potatoes in a greased baking dish. Fold 1/2 cup grated cheese into 2 stiffly beaten egg whites. Put yolks in the hot potatoes, mashed the usual way. Spread meringue over potatoes and brown about 15 minutes in a moderate oven.

To show off a new home or to shower a newly or long married couple, have a housewarming party. For the free leaflet, Housewarming Parties, write to Carol Drake, The Homemakers' Bureau, Box 2110, Dept. H.P., San Francisco 26, California.

P. S. Keep cheese bricks and wedges in the pink of condition by carefully covering with original wrapper and storing in the refrigerator. Or wrap cheese in waxed paper. Zipper refrigerator bags are good cheese containers too.

## Wings Over HAMLIN

A considerable number of Hamlin men are now licensed private pilots, airport manager, J. R. Elliott revealed this week. Chief Pilot "Chuck" McCurdy flew over from Sweetwater Friday and gave four men their final flight tests for private pilot license. Men waiting for their "ticket" Friday were: Edward Dodd, V. T. Stringer, Truman Bolles and Starrel Griffith. Monday it was Felix Streed went to Sweetwater for his test under the eyes of McCurdy.

private licenses were granted to: D. F. Saunders, James Cobb, B. J. Dodson and Calvin Flippo. The local field is new home base for a considerable number of licensed private pilots who keep building up their hours to improve their efficiency. Visitors are always welcome at the field and now that cooler weather is here, the genial Elliott hopes that even more folks will come out and watch the ships in action.

Five advanced pilots started night flying Monday night at the Sweetwater field. Most of them got nearly an hour. They were: Gene Robinson, B. A. Shaffer, Dub Tidwell, Felix Streed and Travis Smith.

Another local flier has given a warning to all fliers planning to try for commercial license to study hard and take advantage of night school. He has just finished his written examination for commercial and says it's a "booger". Elliott joins him in this admonition with the announcement that ground school is held on every Tuesday night at 7:30 o'clock p. m. and navigation is being also covered throughly.

Of interest to local people will be the news that practically every state in the union is now represented on the pilot register at Hamlin Municipal Airport. Shios come in often to refuel, rest up and visit a while, says Elliott. Some spend the night. This is of considered of value to a

town in several ways. Visiting pilots, spend some money here. But another benefit is the good word they can help spread about the town itself. Airmen swap gossip with one another freely in their "hanger flying" sessions and no doubt Hamlin airport has been discussed in many parts of the country. Two weeks ago, a pilot from California enroute to the National Air Races, landed here. Of all things, he was a stunt pilot, flying one of the ancient 1918 model Jennys, which Elliott said was in splendid condition. A lot of people will remember them as the first plane they ever saw.

Keep 'em flying—and fly 'em safe!

## Former Crew Member Battleship Texas To Aid In Drive

Lloyd Gregory, chairman of the Battleship Texas Commission, this week informed The Herald of the call being made for the former crew members of the USS Texas from the Hamlin area to assist in the drive started September 15 to raise \$225,000 to bring the gallant old battleship home to the Lone Star State.

He asks the crew members to get in touch with The Herald, explaining that they are former crew members of the Battleship Texas; and also to send their names, addresses and facts about their duty aboard "Old Tee" (as she was familiarly called by her crew) to: Battleship Texas Information Bureau, 1428 Commerce Building, Houston 2, Texas. These names will go into a master list for historical record about the retired battleship.

When things got tough aboard the Texas, or when crew members ran into trouble, someone always shouted "Come on Texas!" And it got results. Once more "Old Tee" must call upon its crew and again she does it with—"Come on, Texas!"

## Mrs. J. W. Ellison Dies Sunday In California Home

"IN DOWN TOWN HAMLIN"

## 'Tween Me and my Typewriter

by Jeanette Bryant

Old timers were right when they predicted that rain would come during the first week of the school term. But we don't understand why they didn't go a step farther and foretell a real downpour instead of the shower which came Tuesday. It is being rumored that many small children became almost terrified when the first few drops of rain be-

gan to fall, not knowing what it was or its origin. We can't verify such stories, but we did see several groups out staring at the drops of water as though they were doubtful if it were real rain. Just another West Texas custom with which we are becoming familiar. Now, in East Texas the folks get out and gaze in amazement at the sky if it is clear—and not raining, or in the process of preparation for precipitation. (My friends in that section are going to hate me for this.) Did you notice those two long words in that next to last paragraph? That was an accident, but it sounded so "catchy" we just left it that way. Hope you don't think we are trying to get high-brow.

That little man you have been seeing bobbing in and out around busi-

ness houses and homes, shaking the hands like a politician, and talking his head half off about a trip he made recently is none other than Rev. John H. Osteen. You remember him, don't you? Pastor of the First Baptist Church in Hamlin. You should get him to tell you about those chocolate covered cherries he ate while on a train somewhere in the European countries. Some one pulled a fast one on the parson and they were flavored with real—yes, you guessed it, liquor. Betcha' his fee will turn a fiery red when you question him about the incident.

His wife, Jean, made quite a name for herself with those very interesting and well-written articles about the tour. Her husband kept hearing so many nice things and remarks of the account of the trip that she had written, that he even read them, and believe it or not, he complimented her work too.

Don't know why preachers keep providing material for this column, but just gotta' mention another one. Rev. J. T. Crawford, who is just about the proudest man in Hamlin. He says he didn't get to make a trip to Europe but he is now these days boasting about that new daughter and automobile. He argues that he will have more fun with them than his friend, John, will derive from telling about his hop to Denmark. We aren't taking sides in this matter. No sir—we're not that dumb.

Mr. and Mrs. Ted Russell must have a host of friends here if you can judge by the large crowd attending the open house in their new home on Jackson Street last Friday night. In our opinion, that was a very fine gesture, giving everyone the opportunity to take a look at that beautiful structure with its appropriate and attractive furnishings. They must truly believe in sharing their pleasure with their friends. After all, of what value is a lovely home if it cannot be shared with others.

Mr. and Mrs. W. L. Boyd Sr. are another example of the type of people appreciate. The yalws have the latch string out at their home on Union Street and welcome visitors to view their home, which is so pretty and livable. They thoroughly enjoy company and would be happy for you to drop in if you have not been through their house.

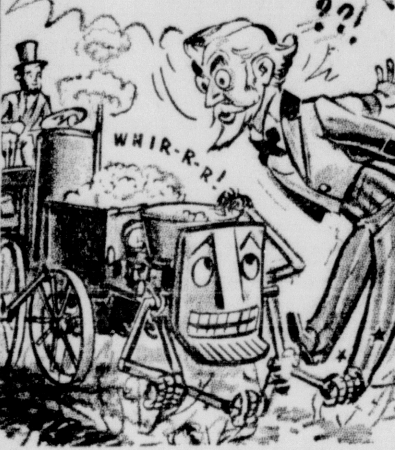

Not that it is any of our business, but we feel it our duty to speak a word of protest against the new fashions being proposed for our men folk. The women seem to be determined to lower their skirts in spite of our opposition, but maybe we can be more influential with the males. Frankly, men, just because those of the opposite sex don't seem to have any better judgement (shall we put it that way?) than to make themselves look and feel ridiculous, why should you do likewise? Personally, we will be disappointed in you if you appear in public in those short, tight-legged britches like grandfather used to wear. Those ankles of yours are not very eye-appealing, if you ask us. But who asked us, anyway? We had better get off this subject.

P. S.—You men might force the women to dress more sensibly if you keep threatening to spring forth in "knickers" and such like as is being proposed by the male fashion designers.

Read an article where a marriage was "pied" as the reporter termed it because the husband struck and also cursed his wife because she made

## COTTON QUIZ

WHEN WAS THE FIRST MECHANICAL COTTON PICKER INVENTED?

ANS—THE FIRST PATENT ON A MECHANICAL COTTON PICKER WAS GRANTED TO S. S. REMBERT AND J. PRESCOTT, BOTH OF MEMPHIS, TENNESSEE, IN THE YEAR 1850.

mistakes and was slow in attempting to set type in their home print shop. Now, that's one case where we don't blame the female for suing for divorce. Such work is most difficult and nervewrecking without having to tolerate being hit and cursed. Anytime that man of ours take such a notion, off to a lawyer we will head. We're just giving him fair warning. (By the way, the word "pi" means to be mixed up in print shop lingo.)

Many pawned their watches or floated a loan to take their children to see the big circus in Sweetwater and Abilene last week. At our house, the daughter had to stay home, since the bank refused to cooperate. They couldn't seem to understand how important such a trip was to us. We have learned our lesson and henceforth will set aside a savings account each month for just that purpose.

Were you in Sunday School and church service somewhere last Sunday? If not, why not?

## New Agriculture Man for Santa Fe

## No Reduction in Food Prices Soon Indicated

Jones County's 25,000 citizens need not expect reduced food prices in the near future, Rufus Starnes, president of the Texas Retail Grocers Association, states in a release.

Starnes informs Hamlin and Jones County people there is no basis on which to found expectations for reductions. Only hope for reducing retail prices, he declares, would be the reducing grocers' overhead. He says costs of food production and wages in the transportation fields are still too high.
